1. PROGRAM CHOICES ADD NEW PROGRAM by a) University b) geographic area c) program group

Search by university. Pick one university. Select your program of interest. Fill in program details and ADD Program. Some programs may have specific edits to restrict errors or focus choices. For example, you can only choose Co-op if it is available for the program you have chosen and the university allows you to choose it coming out of high school. The subject of major interest may be an option, may not appear at all, or you may be forced to choose one. Repeat to add additional programs. (Remember - maximum of 3 choices for each university (including affiliates))
